OBJECTIVE

Final-year Electrical and Electronics Engineering student with a strong interest in technology and data analytics. Passionate about solving real-world problems through analytical thinking and continuous learning. Seeking an opportunity to contribute to organizational success while developing professionally in a collaborative environment.

EDUCATION

B.E. Electrical and Electronics Engineering

P.A. College of Engineering and Technology, Pollachi

CGPA: 8.1 | 2023 – 2027

SKILLS

Programming Languages: Python, C

Database Management: SQL (MySQL)

Data Analysis: Pandas, NumPy, Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA)

Data Visualization: Excel, Power BI, Matplotlib, Dashboard Development

Machine Learning: Scikit-learn, Logistic Regression, Model Evaluation

Operating System: Linux

PROJECTS

Retail Sales Analysis

Python | Pandas | MySQL | Power BI | Excel

Analyzed retail sales data to uncover customer purchasing patterns, product performance, and sales trends. Cleaned and transformed the dataset using Python and MySQL, and developed interactive Power BI dashboards to deliver actionable business insights.

EV Sales Analysis

Python | Pandas | MySQL | Power BI | Matplotlib

Analyzed historical EV sales data to evaluate regional growth, market trends, and powertrain performance. Applied data analysis and visualization techniques to generate business insights and present findings through interactive dashboards.

AI-Based Credit Card Fraud Detection *(Team Project)*

Python | Pandas | Scikit-learn | Power BI | Machine Learning

Collaborated in developing a machine learning solution to identify fraudulent credit card transactions through data preprocessing, predictive modeling, and performance evaluation. Presented fraud insights using interactive visualizations to support data-driven decision-making.

INTERNSHIP EXPERIENCE

Data Analytics and Visualization Job Simulation – Forage (December 2024)

Completed a virtual job simulation focused on data analysis, visualization, dashboard development, and business insights.

Technical Intern – F Choice Solar Tech India Pvt. Ltd., Udumalpet (June 2025)

Assisted in electrical operations, documentation, and maintenance while gaining practical industrial Experience.

ACHIEVEMENTS

- Active Member – Renewable Energy Club
- Technical Paper Presentations – STC, Pollachi & JIT, Coimbatore
- National-Level Seminar Participant – Computational Intelligence, SRMV CAS, Coimbatore
